

2009  
**CRF100F**

*Big enough for big-time fun but small enough for big kids or smaller adults, the CRF<sup>®</sup>100F is a great choice for just about everyone.*

**CRF100F** Here's a bike that we guarantee won't spend its days just sitting next to the trailer. The Honda CRF100F is one of the most versatile off-road machines we make. Most riders love its rugged four-stroke engine, smooth five-speed transmission and broad, rider-friendly powerband. Like every Honda, it's a proven four-stroke design. That means minimal maintenance, legendary reliability, and a wide powerband. It also means you spend more time riding and less time wrenching. It's big enough for Mom, and the seat is low enough for younger riders too. Loading and unloading are a snap thanks to the 174-pound curb weight. This bike is going to be such a hit, you should think about getting two—that way, no one has to wait in line.

## FEATURES

## ENVIRONMENTAL COMMITMENT

At Honda, we believe in performance and leadership, and that's why we're taking a leadership position when it comes to the environment. We continue to develop low-emission technologies for our current and future motorcycles, ATVs, scooters and personal watercraft. And that's the kind of performance everybody can appreciate.

Parents need to consider their youngster's age, size, ability and maturity before allowing them to ride. Designed exclusively for off-road operator-only use. Always wear a helmet, eye protection and protective clothing whenever you ride. Never ride under the influence of drugs or alcohol. Always obtain written permission before riding on private land. Whenever you ride off-road, follow the "Tread Lightly" guidelines, and always keep on established trails in approved riding areas. Use common sense, keep your riding area clean, respect the rights of others when you ride, and never modify your motorcycle's silencer, exhaust system or spark arrestor.

**IT'S A HONDA**
