**CRF450X**

**CRF450X.**  
***Unbeatable in Baja***

**CRF450X** Imagine owning a trailbike that's won a Baja championship every time it's entered. You'd be riding the CRF®450X from Honda. We begin with the best motocross bike on the track and then tune it for ultimate trail performance and even add an electric start for easy starting in all conditions. And the Honda Progressive Steering Damper™ offers improved cornering and reduced rider fatigue. Most of all, it's a feature only Honda can offer and another great example of the difference riding a Honda makes. No wonder *Cycle World* magazine named the CRF450X "Best Enduro Bike" last year. Once every decade or so a bike comes along that redefines the class. Honda's incredible CRF450X is that bike. Isn't it time you rode one?

## UNIQUE FEATURES

- Powerful four-stroke 449cc liquid-cooled four-valve Unicam® engine is designed to produce power across a wide rpm band for off-road riding.
- Electric-start system for easy starting in all conditions.
- Honda Progressive Steering Damper (HPSD)™ Developed by Team Honda Racing, this lightweight, compact steering damper improves cornering ability and helps reduce rider fatigue.
- Fourth-generation twin-spar aluminum frame with forged-aluminum steering head.
- Compact twin-piston front brake caliper, anodized-aluminum brake pistons and lightweight front brake disc.
- HRC works-type rear brake system integrates the rear master cylinder and fluid reservoir, eliminating the need for a separate reservoir and hose assembly.

Model	CRF450X		
<b>ENGINE</b>		<b>DIMENSIONS</b>	
Engine	449cc liquid-cooled single-cylinder Uni-cam four-stroke	Wheelbase	58.2 inches
Compression Ratio	12.0:1	Seat Height	37.9 inches
Induction	40mm Keihin® flat-slide	Tires	80/100-21; 110/100-18
Bore & Stroke	96 x 62mm	Curb Weight	269 lbs. Includes all standard equipment, required fluids and a full tank of fuel
Ignition	CD	Fuel Capacity	1.9 gallons
<b>CHASSIS / SUSPENSION / BRAKES</b>		<b>DRIVETRAIN</b>	
Front Suspension	47mm inverted Showa® cartridge fork; 12.4-inch travel	Transmission	Wide-ratio five-speed
Rear Suspension	Pro-Link® Showa single-shock; 12.4-inch travel	<b>FACTORY WARRANTY</b>	
Front Brake	Single-disc with twin-piston caliper	Check with your dealer for details.	
Rear Brake	Single-disc		

## ENVIRONMENTAL COMMITMENT

At Honda, we believe in performance and leadership, and that's why we're taking a leadership position when it comes to the environment. We continue to develop low-emission technologies for our current and future motorcycles, ATVs, scooters and personal watercraft. And that's the kind of performance everybody can appreciate.

Designed exclusively for off-road operator-only use. Always wear a helmet, eye protection and protective clothing whenever you ride. Never ride under the influence of drugs or alcohol. Inspect your motorcycle before riding and read your owner's manual. Log on to the HRCAs website ([hrca.honda.com](http://hrca.honda.com)) concerning reimbursement through the Honda Rider's Club of America for Motorcycle Safety Foundation (MSF) rider training. Use common sense, keep your riding area clean, respect the rights of others when you ride, and never modify your motorcycle's silencer, exhaust system or spark arrestor.
