RUCKUS

Unique, super-rugged styling, Honda quality, and real-world practicality: The Ruckus[®] is a tough act to follow, so ride one of your own!

RUCKUS The Honda Ruckus is probably the most stand-out scooter on the planet: If you've seen them on the street, you know it's time to get one of your own. The 49cc four-stroke Honda engine has the power to take you where you need to go. The automatic transmission means no shifting, and no hassles. You can park it just about anywhere, and you'll cruise for just pennies per mile. Finally, because it's a Honda, you won't have to worry about breaking down or spending a fortune on repairs. So snag yourself a Honda Ruckus, and discover what it's like to be free!

ENVIRONMENTAL COMMITMENT

At Honda, we believe in performance and leadership, and that's why we're taking a leadership position when it comes to the environment. We continue to develop low-emission technologies for our current and future motorcycles, ATVs, scooters and personal watercraft. And that's the kind of performance everybody can appreciate.

Parents need to consider their youngster's age, size, ability and maturity before allowing them to ride. Designed exclusively for off-road operator-only use. Always wear a helmet, eye protection and protective clothing whenever you ride. Never ride under the influence of drugs or alcohol. Always obtain written permission before riding on private land. Whenever you ride off-road, follow the "Tread Lightly" guidelines, and always keep on established trails in approved riding areas. Use common sense, keep your riding area clean, respect the rights of others when you ride, and never modify your motorcycle's silencer, exhaust system or spark arrestor. *MPG determined by emissions calculation and actual field evaluations conducted in stop-and-go Los Angeles traffic.

IT'S A HONDA
